

FOREIGN
NEWS.

The latest news from Europe is by the steamer Asia, which arrived on the 1st inst.

The Russian fleet had left Helsingfors to join the fleet at Constantinople, and Napier was lying twenty-five miles from Constantinople to intercept them, so that an engagement was expected.

The Turkish fleet had entered the Black Sea for the purpose of destroying the Russian positions on the Circassian coast.

The position of Austria had become decidedly more hostile to Russia; and she had raised 100,000 men to defend her frontiers in Transylvania from the encroachments of the Czar. The Spanish difficulty with the United States was exciting increased attention. A special messenger from Mr. Soule, came a passenger in the Asia.

The Turks have gained two additional victories on the Danube.

A telegraphic dispatch to the London Times, received Saturday, just as the steamer left, and dated Vienna, May 19th, says that the Government Messenger had reached Galatz on the 11th of May, with reliable intelligence that the allied fleets had bombarded Sebastopol, for four days.

A dispatch from Bucharest, dated 15th May, says the British steamer Tiger, of 16 guns, had stranded close to Olinda, and had to surrender, although two other steamers were sent to her assistance, and bombarded the Russian works, but without success.

NEW YORK, June 2.—The intelligence from Falkland Island states that the U. S. Corvette Germantown had demanded from H. B. M. Express some prisoners—later detained for trespassing on British fishing grounds. The Captain of the Express when the Captain of the Germantown wrote an imperious demand, threatening if not complied with to sink the Express, and ran his gun out.

The Captain of the Express, however, maintained his position and delivered up the prisoners to the civil authorities, by whom they were fined. The affair settled has occasioned some acrid correspondence between the U. S. and the British authorities, which has been forwarded to their respective governments.

NEW YORK, June 5.

A terrible riot occurred between the Catholics and Americans at Brooklyn. Seven or eight Americans are reported to have been killed and fifty or sixty wounded.

A gathering of the citizens in the park to this city at 6 o'clock several persons who escaped from the slaughter in Brooklyn spoke, and all concurred in the statement, that while the Americans were walking and in arm down Main street from South, where they had been to hear the street preacher, they were suddenly fired upon from the windows of the Irish houses on both sides of the street.

The number shot is variously estimated. One speaker said that he saw two dead bodies carried off, and another saw seven wounded. It is stated that 40 or 50 Americans retreated to Catherine Ferry. Many succeeded in getting on the boat. Others, numbering it is said over 100, were left behind in the Ferry-house, where they are now imprisoned—the ferry-boats having stopped running.

The Irishmen blocked up the other side. The gentlemen who passed Main street about 6 o'clock, before the American procession came along, say that the street was then filled with Irishmen, with stones, clubs, and other missiles, awaiting the approach of the Americans.

All rumors differ in stating that the Americans were marching quietly along, and in arm, paying no attention to the groans and hisses with which they were first assailed.

Second Dispatch.—The proceedings are greatly exaggerated; only two killed as far as known, one a policeman, the other a boy shot through the forehead and died instantly. There are many terribly injured.

A regiment of troops were ordered out. Four companies of Americans on the ground and the rest at arms at 5 o'clock.

The Irish companies took arms from the Armory and marched out, without orders, and went to South Brooklyn, away from the scene of the riot.

The collision of the military is feared, as the remaining companies say that the Irish troops shall not enter the Armory again.

The Americans shut up at Catherine ferry got over safe.

All is quiet at 11 o'clock.

A later dispatch says that nobody was killed in the riot, but several badly wounded.

THE EASTERN WAR.—IMPORTANT Rumor.—The New York Times says it has information through private and highly respectable sources in London, which indicate that the Emperor of Russia is seriously inclined to withdraw from the position into which he has been hurried by his informant states that the recent attempt of Austria to reopen negotiations with the Czar will afford the desired, if not indeed the unexpected opportunity, for taking the first step in this direction. The reply of the Russian cabinet to the Austrian note, though vague in its meaning, will be framed, says our informant, so as to intimate that the Czar would not be inclined to suspend hostilities, and to send a Plenipotentiary to an European Congress. The Times fully relies on the sources of information of its correspondents, but thinks the move, if it be made, is another Russian trick to postpone operations, and to secure the auxiliary force of impassable roads, tempestuous waves, and all the rigor of a Winter, that would be the undoubted death of the sick

Invasion of Cuba—the President's Proclamation.

By the President of the United States: Whereas, information has been received that sundry persons, citizens of the United States, and others residing therein, are engaged in organizing and fitting out a military expedition for the invasion of the island of Cuba; and

Whereas, the said undertaking is contrary to the spirit and express stipulations of treaties between the United States and Spain, derogatory to the character of this nation, and in violation of the obvious duties and obligations of faithful and patriotic citizens; and

Whereas, it is the duty of the constituted authorities of the United States to hold and maintain the control of the great question of peace or war, and not to suffer the same to be lawlessly controlled, under any pretence whatever; and

Whereas, to that end all private enterprises of a hostile character within the United States, against any foreign power, with which the United States are at peace, are forbidden, and declared to be a high misdemeanor by an express act of Congress;

Now, therefore, in virtue of the authority vested by the Constitution in the President of the United States, I do issue this proclamation to warn all persons that the General Government claims it as a right and duty to interpose for the honor of its flag, the rights of its citizens, the national security, and the preservation of the public tranquility, from whatever source menaced; and it will not fail to prosecute, with due energy, all those who, unmindful of their own and their country's fame, presume thus to disregard the laws of the land and the obligations of citizenship.

I earnestly expect good citizens to discontinue and prevent any movement in conflict with law and national faith, especially charging the several Departments of the United States, civil or military, having lawful power in the premises, to exert the same for the purpose of maintaining the authority and preserving the peace of the United States.

Given under my hand and the seal of the United States, at Washington, the thirty-first day of May, in the year of our Lord one thousand eight hundred and fifty-four, and the seventy-eighth of the Independence of the United States.

ABRAHAM LINCOLN, President.

W. L. MARCY, Secretary of State.

WASHINGTON, May 31.

THE CAIN OF KENTUCKY.—The Philadelphia Evening Bulletin, in speaking of Matt. F. Ward's appeal to the editors of the United States, says:

"Matt. F. Ward, who is reaping a just retribution in the scorn of the whole world, is the most striking illustration of the case of Cain that we have ever met with. His story is almost exactly told in the 11th, 12th, 13th, and 14th verses of the 4th chapter of Genesis. His wretched demand for a suspension of public opinion is but a new version of the pious cry, 'my punishment is greater than I can bear.' He dare not even put a date to his appeal, for he is 'a fugitive and a vagabond in the earth.' The Hardin county jury, in saving him from the gallows, were condemning him to a much more terrible penalty, and the brief suffering of the rope would have been mercy compared to the long contracted agonizing scorn of the world, which will pursue him over the earth to the very last day of his life. No published version of the testimony can alter the established fact, recognized everywhere, that the killing of Butler was a wanton, cowardly and brutal murder."

To the Editors of the Louisville Journal:

GENTLEMEN: An observation in your Weekly of the 24th inst., that certain papers have asked with a sneer whether John J. Crittenden would volunteer to defend the son of a poor man—has reminded me of an incident connected with that gentleman, who, acting as Governor of Kentucky, which came under my personal notice, and which I regarded at the time as strikingly illustrative of the character of the man.

A poor man had been fined for some misdemeanor by the verdict of a jury in the Hickman circuit court. To have the amount coerced from him would have beggared his wife and children. Major Robert D. Bowman, then a resident attorney of Hickman county, addressed the Governor in behalf of the poor fellow; and, appealing to the friendship that for years had existed between Crittenden and himself, besought him to remit the fine. In due course of mail the answer came, and here it is:

"Bob—the conviction of your client was proper, and I cannot as Governor protect him. But I enclose to you the money necessary to pay the fine on account of your representations of the condition of his wife and children. Please see to its proper application."

This, gentlemen, is but of a piece with the whole life of John J. Crittenden.

You may, if you choose, publish this over my proper signature.

E. J. BULLOCK

LOSS OF PROPERTY ON THE MISSISSIPPI.

From a communication recently submitted to the House by Secretary Davis, the Washington Star says it appears that the annual loss from steamboat disasters on the Mississippi is fearfully large.—During the year ending October 1, 1853, no less than twenty-five steamboats were snagged, which occasioned a destruction of property to the amount of \$1,250,000. During the same time, \$230,000 worth of property was destroyed by the sinking of flatboats. No estimate is given of the value of the steamboats sunk, but the loss will not fall much short of \$400,000. It is safe to assume that the annual loss of property from steamboat disasters on the Mississippi and its tributaries exceeds rather than falls short of three millions. In the same communication, the Secretary furnishes the estimates for improving the navigation of several western rivers.

Gen. Almonte, the Mexican Minister, advises the Spanish Minister to recommend to his Government to sell Cuba to the United States for two hundred millions of dollars, which, at 5 per cent, would impose an annual tax upon the people of this country of ten millions of

Trouble at Washington.

The gossiping correspondent of the N. Y. Herald of Monday, makes the following remarks on the subject of the Cabinet at Washington. We give them for what they are worth.

"There are rumors again of trouble with Marcy on the Cuba question. He holds back, while Cushing and Davis are pushing forward. They are crowding Marcy hard. He may be crowded out; in which event, perhaps, Mr. Charles O'Connor will probably take Cushing's place as Attorney General, while Cushing may be advanced in the State Department. He is thought, too that O'Connor has been retained in office with a view of lifting him higher, and for the purpose of patching up a reconciliation with the Harbors, for it is suspected that Marcy intends to carry off the Sails upon a Presidential cause of his own. They are not going to have all the fun in Europe.—The times here are big with stirring events and about eight months gone at that."

THE OTHER SIDE OF THE PICTURE.—A Baltimorean wrote the Sun from San Francisco, and gave another side of the picture of what is often called California Life.

At the present time potatoes are selling at ten cents per bushel; onions at twenty-five cents; in fact every other description of goods about in proportion. You may often see it stated that laborer's wages range from ten to fifteen dollars per day, but I can assure you that there are in San Francisco thousands of mechanics willing to work for half of the above named prices, and I candidly believe that every day there are two thousand men that do not know when they get up in the morning where or how to obtain their breakfast; and were it not for the benevolent set out by the taverns at 11 o'clock, one half of them would be hungry all day. I have often found persons who have told me that for two or three days they have had nothing to eat except what was picked up by them at the taverns.

THE PROPOSED REPEAL OF THE DUTY ON RAILROAD IRON.—The many Congressional friends of this measure are, just now, very wrathly against the self-elected committee of members lobbyists, who ask \$200, and a contingent fee, amounting in the aggregate to ten per cent, of all each railroad company will save by the passage of the bill, for working it through. It seems that its friends in the House were, for the most part, entirely unaware that any gentleman had jumped upon their measure after any such fashion. They are perfectly competent to secure its passage, in due time, without any such volunteer speculating aid. They now, however, clearly see that it has been killed for at least the present session; there being many members otherwise well disposed towards the bill, who will, under no circumstances, touch it with a fifty-foot pole, while tainted with even the suspicion of ex-member-lobbying speculation. This fact, though it must inevitably throw the bill over for at least another session, demonstrates a very healthy public opinion in Congress, indeed.

Washington Star.

Mr. Chapman, the most distinguished of all the veteran Democratic editors of Indiana, is now at the head of a paper in Indianapolis. He has no regard for the present Administration. In reply to an article in the Louisville Times, which said that he used to be a good partisan editor, he discourses thus:

"We can't agree to the miserable shilly-shallyism of the Pierce Administration. We never had the faculty of changing our actions, if not our opinions, twice a day, as Mr. Pierce and his supporters appear to have; and we are not content with such a quality even again the reputation of being a good partisan editor, which, by the way, we never were. As to being half Whig and half Democratic—if we were so we should possess the precise qualities to be a good Pierce and Cushing man, especially if we added a strong spice of what is called abolitionism. But servility, in our opinion, is not Democracy."

THE COST OF THE WAR.—The extra appropriations for the war expenditure by Great Britain asked for by the Chancellor of the Exchequer amount to \$28,000,000. It is stated that the cost of transporting each cavalry soldier on the Cunard steamers—taken off the American mail line for the purpose—from England to the seat of war on the Danube, will be \$600, or more than three times the rate of first-class cabin passengers from Liverpool to New York.

GOLD IN WASHINGTON TERRITORY.—Where will not gold be found? A correspondent of the Pioneer and Democrat, under date of St. Louis, April 4, writes as follows:

"The most intense excitement that has ever been created in this town, or any other in Washington Territory, was caused here to day by the unmistakable discovery of gold. One of our citizens, Dr. P. M. Muse, took his spade and pan at an early hour this morning, and repaired to a spot at the head of high water, dug out a panful of earth, washed the same and found it to contain a handsome quantity of beautiful Simon-pure ore! Soon the news spread like wild fire over the entire length and breadth of St. Louis, and men and boys were seen hurrying to the spot, armed and equipped with shovels, picks and pans. All went to work with high hopes and hearty good will, and none without success. Some \$25, probably, have been washed out to-day, from a hole some two feet square.—One man washed out a beautiful specimen of virgin gold weighing 32. Claims are already being taken and companies being formed, and everything promises that the work will be prosecuted vigorously and with success."

SUICIDE.—Mrs. Hodges, formerly from Kentucky, who has been boarding at the Independence House for some time, died on Friday last from the effects of arsenic, which she had taken. She was to have been married a few days before, but the other party failed to make his appearance at the time, and from the trouble of mind brought on by the disappointment, is the supposed reason for her committing the act.

Occidental Messenger

WHEAT CROP.—From all the information that we have been able to gather, the condition of the crop appears to be as follows: In many places the crop is good—above an average. In other localities it is the reverse, and in some portions of Indiana and Ohio wheat fields have been plowed up for corn. Again, the fly is doing considerable damage. Everywhere there is an increased breadth of land under wheat, say twenty per cent. Putting this and other facts together, and the prospect is that the yield in Ohio, Kentucky, Indiana, Illinois, and other Western States will be twenty or twenty-five per cent greater than that of last year. The crop has full, however, to run the risk of rust, and as regards this the weather in this vicinity is just now decidedly unpropitious, being warm and showery.—Cin. Gaz.

A Swindler.—A traveling dentist, calling himself Parker, who has his possession of a diploma, purporting to be from Clinton Lodge, Ohio (we think, of Free Masons). Said Parker, while in this place, stole a pistol, from the desk of the Cumberland Hotel, where he was boarding.—Mr. Harris, the proprietor, followed him to Crab Orchard, and found the pistol in his trunk; he pretended at first that the pistol was his own, but finally confessed he stole it. Parker is about 5 feet 8 inches high, rather heavy set, red complexion, and may be easily detected, as he speaks through his nose.—Somerset Gaz.

MANUFACTURE OF RAILROAD IRON IN THE UNITED STATES.—A correspondent of the Philadelphia Bulletin furnishes a list of sixteen iron establishments, which fly in Pennsylvania, which will this season turn out 160,000 tons of railroad bars, representing in production \$650,000 for labor and \$1,826,000 of raw material.

The capital employed in these establishments is reckoned at \$10,000,000. They support a population of 92,500 persons, and consume \$3,625,000 in breadstuffs, besides affording a profit to all the various branches of business in and around the mills, other than to the owners, of \$1,948,000, participated in by coal lands, coal operators, ore land, transporters and store keepers.

SUPERSTITION.—The Boston Post says that the following took place in Jewett city, Connecticut. About eight years ago Horace Ray died of consumption. Since then two of his sons have died of the same disease; and another son being sick with the same disease, his friends, under the belief that the dead brothers were feeding on the living, went to their graves on the 8th, dug them up, and burned the corpses! This is an instance of superstition such as missionaries tell us of among "the heathen."

BRYANT'S SPRINGS,
CRAB ORCHARD, KY.

THE Proprietors would respectfully announce that their establishment is now ready for the reception and comfortable accommodation of about 70 visitors. They are grateful for the patronage heretofore extended to them, and while they acknowledge with much pleasure, and with a sense of justice, such favor, can confidently refer strangers to those who have been their guests in past seasons.

THE MINERAL WATERS on our place are of the best quality, embracing Sulphur, Chalybeate, and Magnesian, and Magnesia combined, the medicinal virtues of which are fully established. Visitors have also access to the Epsom Springs, which they can visit, or be regularly supplied with the water at their rooms. Our ROOMS are large, well ventilated, and comfortable in every respect—our TABLE shall always be supplied with the best and most wholesome eatables the country affords—and visitors may rely upon having the prompt attention both of the proprietors and their assistants.

Seekers of health—others who wish to be removed from the noise and bustle of larger establishments, are invited to give us a trial. Charges always moderate.

BRYANT & LEAVELL, Proprietors.

ROCKCASTLE SPRINGS!
J. CAMPBELL, Proprietor.

PUBLIC NOTICE
To the Stockholders of the Lexington and Danville Railroad Company.

HAVING accepted the office of President of the Lexington & Danville Railroad Company, and considering its early completion of vital importance to the country at large as well as to this city, and the other public works of a similar character terminating here, I shall devote all my energies to accomplish this end.

1st. I shall personally, as soon as practicable, in company with the Chief Engineer, examine the work already done.

2d. I shall make it my special care, as far as possible, to see that the laborers are punctually paid, and that the work is well executed.

3d. To enable me to do this, that the defaulting stockholders be required forthwith to pay, or execute negotiable notes, well secured, for what is due.

4th. The amount collected in Mercer and Boyle counties shall be appropriated to the work in those counties, and to the bridge across the Kentucky River.

LESLIE COMBS, President. Lex. & Dan. R. R. Co.

THE Large Young Jack,
MAMMOTH TELEGRAPH.

WILL stand the present season, for Jennets, 5 miles west of Danville, at TURKEY DOLLARS per colt, the money due when that fact is ascertained, or the Jennet traded. Jennets from a distance will be grateful for the fact. At fed, if requested, on reasonable terms. Care will be taken to prevent accidents or escapes, but no liability, should any happen.

D. A. KNOX.

Description and Pedigree.
MAMMOTH TELEGRAPH was sired by Marengo Mammoth, said to be the best breeder in America; his dam was by Old Tippecanoe, the largest Jack ever raised in Kentucky. (in which there was no Mammoth blood.) He will be 4 years old the 25th of July next, and possesses much more height and length than his sire. All persons wishing to raise large Jacks are particularly invited to call and see said Jack for themselves.

Boyle co., Mar 17, '54 tf D. A. KNOX.

Carter's Spanish Mixture,
The Great Purifier of the Blood.

Not a particle of Mercury in it.
AN Infallible Remedy for Scrofula, King's Evil, Rheumatism, Obsolete Eruptions, Pimples or Pustules on the Face, Blotches, Boils, Chronic Sore Eyes, Ring Worm or Tetter, Scald Head, Enlargement and Pain of the Bones and Joints, Stomach Ulcers, Syphilitic Disorders, Lumbago, Spinal Complaints, and all Diseases arising from an impure blood of Mercury, Impudence in Life, or Impurity of the Blood.

This valuable Medicine, which has become celebrated for the number of extraordinary cures effected through its agency, has induced the proprietors, at the urgent request of their friends to offer it to the public, which they do with the utmost confidence in its virtues and wonderful curative properties. The following certificates, selected from a large number, are, however, stronger testimony than the mere word of the proprietors, and are all from gentlemen well known in their localities, and of the highest respectability, many of them residing in the city of Richmond, Va.:

F. BOYDEN, Esq., of the Exchange Hotel, Richmond, known every where, says he has seen the Medicine called Carter's Spanish Mixture, administered in over a hundred cases, in nearly all the diseases for which it is recommended, with the most astonishing good results. He says it is the most extraordinary medicine he has ever seen.

AGUE AND FEVER.—GREAT CURE.—I hereby certify, that for three years I had Ague and Fever of the most violent description. I had several Physicians, took large quantities of Quinine, Mercury, and I believe all the Tonics advertised, but all without any permanent relief. At last I tried Carter's Spanish Mixture, two bottles cured me, and I have never since been troubled with it. I have had neither Chills or Fevers since. I consider it the best Tonic in the world, and the only medicine that ever reached my case.

JOHN LONGDEN.

Beaver Dam, near Richmond, Va.

C. B. LOCK, Esq., now in the city of Richmond, and for many years the Post Office, has such confidence in the astonishing efficacy of Carter's Spanish Mixture, that he has bought upwards of 50 bottles, which he has given away to the afflicted. Mr. Lock says he has never known it to fail when taken according to directions.

Dr. MINOR, a practicing Physician, and formerly of the City Hotel, in the city of Richmond, says he has witnessed, in a number of instances, the effects of Carter's Spanish Mixture, which were most truly surprising. He says in a case of consumption, depending on the Liver, the good effects were so wonderful.

SAMUEL M. DANKER, of the firm of Drinker & Morris, Richmond, was cured of Liver Complaint, of 8 years standing, by the use of two bottles of Carter's Spanish Mixture.

GREAT CURE OF SCROFULA.—The Editors of the Richmond Republic had a servant employed by them, who was afflicted with Scrofula, combined with Rheumatism, which entirely disabled him from work. Two bottles of Carter's Spanish Mixture made a perfect cure of him, and the Editors, in a public notice, say they "cheerfully recommend it to all who are afflicted with any disease of the blood."

STILL ANOTHER CURE OF SCROFULA.—I had a very valuable boy cured of Scrofula by Carter's Spanish Mixture. I consider it truly a valuable medicine. James M. Taylor, a resident in the R. F. & F. R. Co., Richmond, Va.

SALT RHEUM of 20 years standing cured.—Mr. JOHN THOMPSON, residing in the city of Richmond, was cured by three bottles of Carter's Spanish Mixture, of Salt Rheum, which he had nearly 20 years, and which disabled him from his work, and which all the physicians of the city could not cure. Mr. Thompson is a well known merchant in the city of Richmond, Va., and his cure is most remarkable.

Wm. A. MATTHEWS, of Richmond, had a servant cured of Syphilis, in the worst form, by Carter's Spanish Mixture. He says he cheerfully recommends it, and considers it an invaluable medicine.

RICHARD E. WEST, of Richmond, was cured of Scrofula, and what Physicians called confirmed Consumption, by three bottles of Carter's Spanish Mixture.

EDWIN BURTON, commissioner of the revenue, says he has seen the good effects of Carter's Spanish Mixture in a number of Syphilitic cases, and says it is a perfect cure for that horrible disease.

Wm. G. HARWOOD, of Richmond, was cured of Old Sores and Ulcers, which disabled him from walking. Took a few bottles of Carter's Spanish Mixture and was enabled to walk without a crutch, and in a short time was permanently cured.

CRAB ORCHARD SPRINGS!

IMPROVED ACCOMMODATIONS.
NEW PROPRIETORS.

I HAVE just received a supply of these well known MINERAL SPRINGS, would inform the public, that they will be open for the reception of INVALIDS and PLEASANT SOJOURNERS by the 15th day of May next. They have made valuable and permanent improvements upon them since their purchase, and nothing will be wanting to make visitors comfortable and satisfied.

The Springs are located in the vicinity of Crab Orchard, in Lincoln county, Ky., near the centre of the State, and are accessible at all times by good turnpike roads leading from Louisville and Lexington, Ky., by Danville or Lancaster.

Of the qualities of the water it is unnecessary to speak. They are presumed by eminent Medical men to be the most healthy and desirable Waters that can be found in the United States. The variety, consisting of Chalybeate, Sulphur, Epsom, &c., renders the place most desirable for invalids; and to the pleasure seeker, no better can be found.

The charges will be moderate, and attention always given to visitors.

J. & W. B. HARLAN
Crab Orchard, Apr 28, 1854 3m

BED BUGS.
ALL who are annoyed by these troublesome insects, and desire to get rid of them, can do so by calling at the store of **SMITH & WILMOT**, and procuring a bottle of their **RED BUG DESTROYER**, which is a certain exterminator. The attention of ladies is particularly invited to this preparation, as it saves a great deal of trouble, and is far preferable to the usual mode of destroying them by the use of kerosene or turpentine. It is a pleasant and safe remedy, and will be found to be a most efficient and reliable one. The same amount of remedy cannot be procured for so small an amount in anything else.
If Price, 50c per bottle, and can be procured only from
SMITH & WILMOT.
Who are the only agents for Danville.
If Directions how to apply it labeled on each bottle.
Pocket Cutlery, Notions, &c.
JUST received a few dozen Western-Style Knives and Razors. Also, a fine stock of Porte Monies.

L. DIMMITT.
apr 7, '54

LAMBDA.
This celebrated Race Horse and Stallion will make the present season, (which has now commenced, and will end the 4th of July) at our stables, in Danville, Boyle County, Ky.
Believing we have secured the services of a very superior stallion, we invite breeders and admirers of fine horses to call and examine for themselves. We will barely remark that Lambda is a blood bay without a white mark, upwards of sixteen hundred high of great beauty, fine action, and as purely bred as any horse in England. The distinguished filly, Sallie, that has never lost a heat, having run at Nashville, Tenn., Augusta, Ga., and Charleston, S. C., was out of the dam of Lambda. She was exhibited at the great Agricultural State Fair in Georgia, and was awarded a silver cup, as an evidence of her superiority. Particulars in bills.
CARPENTER & RICHARDS.

JNO STODGHILL.
feb 3, '54

NEW GOODS.
THE HANDSOMEST IN MARKET!
WM. M. FIELDS
Has just received his Spring and Summer Staple and Fancy Goods,
Which will be found to be the LARGEST, HANDSOMEST, and CHEAPEST stock ever offered in this market. The stock embraces all the latest styles of
Ladies' Dress Goods:
Silks, Lawns, Berge, Tissues, Grenadines, DeLaines, Gingham, Jaconets, and the handsomest lot of Prints ever seen in this place. Goods for **Children's Wear**, all kinds of Hats and Bonnets, large stock of Ribbons, Laces, Trimmings, Gloves, Hosiery, &c. &c.
Together with Domestic Goods of every kind. All that I ask is, for purchasers to call and examine my present stock, feeling confident that they will be pleased with their styles, quality and prices.
WM. M. FIELDS.
march 24, '54

FILLIBUSTER.
THIS celebrated Premium Racking Stallion will make the present season, at my farm, 4 miles East of Harrodsburg, and will serve mares at \$10 a colt. Mares from a distance will be grazed a short time without charge.
The breeding public have now an opportunity of breeding to the finest Racking Stallion in Kentucky. Racking horses are in great demand, and are bringing higher prices than any other.
Description and Pedigree.
FILLIBUSTER is a beautiful Bay, full 16 hands high, of fine length and weight, and in perfect health, of muscular power, form, style, action and blood, is equal to any horse in this country.
N. B. COOKE.
Mercer co. mar 3, '44

COPPER, TIN, SHEET-IRON
AND
STOVE STOREN
GEO. CUDLIPP
TAKES this occasion to thank the citizens of Danville and the surrounding country for the liberal patronage he has received. He still continues the business of **COPPER, TIN, AND SHEET-IRON WARE**, in all its various branches, at his old stand, at the "City Hotel," where he is now prepared to manufacture to order on short notice and at the lowest prices. Merchants will be supplied with Tin-Ware at such prices as will enable them to make large profits.
House Gutting, Roofing, &c., done in the most approved manner, of the best materials, and at the lowest rates.
The subscriber hopes, by strict attention to business, good work and moderate prices, to always merit a share of public patronage.
GEO. CUDLIPP.

McMURTY'S

FOR SALE.
MY LOT, on Walnut street, in this place, which is well set with Fruit Trees and fine Shrubs, is now for sale. It is one of the handsomest Lots in the place, on which to put up a handsome Family Residence, and will be sold very cheap. This Lot adjoins the residence belonging to Dr. G. J. Beckwith, and is now occupied by Mr. G. J. Beckwith. Any person wishing to purchase this beautiful Building Lot, will please give me an early call.
